## 2. Statutory requirements

The equality objectives in Section 10 below address our duties under current equality legislation, up to and including the Equality Act 2010. They also relate to the Essex Council guidance for recording prejudice related incidents involving pupils in schools.

The accessibility plan in Section 11 is drawn up in compliance with current legislation and requirements as specified in Schedule 10, relating to Disability, of the Equality Act 2010. The Accessibility Plan is listed as a statutory document of the Department for Education’s guidance on statutory policies for schools. The Plan must be reviewed every three years and approved by the Governing Body.

The community cohesion plan in Section 12 below addresses our duty under the Education and Inspections Act 2006.

### 3. Community cohesion

The following statement outlines both the data and current issues relating to ethnicity, religion/belief and socio-economic factors. In examining the school's context, it relates closely to the beginning of the SEF. It demonstrates the awareness of the governors and their community partners of how the school community compares with the wider community, both locally and nationally. It therefore forms the basis for planning the actions in Section 12 below to promote community cohesion.

- Ethnicity/culture context of the school (local and national)
- Religion/belief context of the school (local and national)
- Socio-economic context of the school (local and national)
- Current issues affecting cohesion at school, local and national level

### 4. Responsibilities

The governors as a whole are responsible for:

## **6. Publication and review**

This Equality Scheme fulfils statutory requirements under the terms of legislation referred to above. As it is a public document, the school governors publish it by making it available on request.

The scheme will be kept under regular review for three years and then replaced in April 2025.

## **7. Reporting on progress and impact**

A report on progress with the actions listed below will be published by the governors via e.g. website, prospectus, newsletter etc at the end of each school year.

Evidence will also be kept of the impact of our actions to promote community cohesion, in respect of ethnicity, religion or belief and socio-economic background.

## **8. How we conduct equality impact assessment**

This section outlines our process for monitoring the potential impact of school practice in terms of

- ethnicity,
- religion or belief,
- socio-economic background,
- gender and gender identity,
- disability,
- sexual orientation, and
- age.

## **9. How we chose our equality objectives**

Our equality objective-setting process has involved gathering evidence as follows:

- i. from the equality impact assessments listed in Section 8 above,
- ii. from the following data
  - pupil performance data
  - incident records
  - behaviour management records

iii. and from involving relevant people (including disabled people) from the start in the following way:

- pupils
- staff
- governors and other stakeholders

The evidence was then analysed in order to choose objectives that will:

- i. promote equality of opportunity for members of identified groups
- ii. eliminate unlawful discrimination, harassment and victimisation, and
- iii. foster good relations between different groups in terms of
  - o ethnicity
  - o religion or belief
  - o socio-economic background
  - o gender and gender identity
  - o disability
  - o sexual orientation
  - o age
